The Civilian Response to Active Shooter Events (CRASE) course, designed and built on the Avoid, Deny, Defend (ADD) strategy developed by ALERRT in 2004, provides strategies, guidance and a proven plan for surviving an active shooter event.

Topics include:

- history and prevalence of active shooter events
- civilian response options
- medical issues
- considerations for conducting drills

Participants in this four (4) hour Train-the-Trainer course will receive a manual and PowerPoint presentation suitable for use in their own presentations.

Non-Member Tuition: There is no tuition for this class as it is funded through state and federal grants.
