This is the IDOT Hazardous Materials Basic Awareness Course designed for those officers who have not yet attended the Hazardous Materials Basic Awareness course, or who have gone 3 or more years without attending a Haz Mat refresher.

**Instruction:** This course will be instructed Mike McKinney.

The training requirements contained in 29CFR 1910.120 (q) (6) of the Hazardous Waste Operators and Emergency Response Standard defines first responder personnel as employees who are likely to:

"witness or discover a hazardous substance release and who have been trained to initiate an emergency response sequence by notifying the proper authorities of the release."

**Yearly refreshers are required BY LAW.**

Typical awareness level personnel include PATROL OFFICERS and are subject to compliance with the training standards. Employers who do not comply with these standards are subject to a citation and possible fine of up to \$1,000.00 per day.

**To Register:** Email registration to [register@letac.org](mailto:register@letac.org). You may also fill out and submit our online registration form through the website at [www.letac.org](http://www.letac.org) or call 217-726-7014 to register by phone (be sure to include all pertinent information). MTU #10 local member officers will be given registration preference until seven days prior to the date of class. After that date, registrations will be taken on a first-come, first-served basis, regardless of MTU status. We cannot accept registrations from individual officers. All registrations must go through your Chief, Sheriff, or department training office, even if you are attending class on your own time.
